

# Ilves Ringette 2023-2026

Strategyday 29.10.2022

**RINGETTE**

Ilves ry, Tampere

# Currentstate 2022

---

- Economy: Operating fees were increased for the period 2022-2023. Sibling discount in use. The Tupsukorva-tournament will be held in the spring of 2023. If necessary, review the operating fees.
- Number of members: In the 2022-2023 season, the number of members in junior teams (F,E,D) and in ringette school rises to the pre-corona level. For the 2022-2023 season, neither C nor B juniors were able to be assembled. The formation of the N-hobby team was close.
- Competition and coaching: The first team plays in the women's First Series and the goal is to continue to the women's SM qualifying series. The teams have been small in the past and have had to be supplemented by underage players. This has now been addressed. Teams are formed in such a way that players of the right age play in them, with only a few exceptions. The coaching manager left his position in August 2022, a new one is being sought.
- Conditions: Practice ice shifts during the week in Hervanta (1h) and Tesoma (6h). The challenge is that only one ice shift Mon-Fri starts before 8 p.m. and that F, E, D teams have to train on weekends, when there are also game days. On the weekend, practice ice shifts Haka3 (2h), Hervanta (2h), Tesoma (1h).

# Goals 2023-2026

---

1. We are an attractive ringette club.
2. We have a working player path from ringette school to women's representative team.
3. We provide a framework for practicing ringette in guided activities at a reasonable cost.
4. We aim to provide hobby opportunities for everyone
5. We strive for competitive success in C and B youth and women.
